

# Quality of protection

Protection in the country of origin has to meet the following three cumulative conditions.

| Protection                    |                                      |                               |
|-------------------------------|--------------------------------------|-------------------------------|
